\* Additional cost for biopsy

# Sapphire

Man/ Woman : 2,000,000 won

Premium health examination programs for all ages

	Test items	Symptom & disease
General	Basic Comprehensive health examination	
	Coronary artery CT	Ischemic heart disease, heart tumors, coronary atherosclerosis, and stenosis
	Low-dose chest CT	Cough, sputum, dyspnea, Lung benign nodule, Lung tuberculosis, lung cancer, emphysema
	Thyroid ultrasonography	Cyst ,nodule, thyroid inflammation, thyroid cancer
	Gastroscopy and Colonoscopy (sleep)	Esophageal cancer, esophagitis, gastric ulcer, gastric cancer, polyp, duodenal ulcer, colon polyp, colon cancer
	DVD copy	
Male	Benign prostate hyperplasia MRI(Non enhance), Uroflowmetry male hormone test	Frequency and discomfort of urination, Benign prostate hyperplasia
Female	Gynecological ultrasonography, Breast ultrasonography HPV test	Early diagnosis of cancer related to women. Women's menopausal syndrome,Breast cancer, cervical cancer, ovary cancer

\* Additional cost for biopsy

# Gold

Man/ Woman : 3,200,000 won

A health program for early detection of cerebrovascular & cardiovascular disorders and cancers using precise diagnostic equipment

	Test items	Symptom & disease
General	Basic Comprehensive health examination	
	Brain MRI + brain MRA + carotid MRA	Dizziness, headache, vomiting, ischemia, cerebral infarction, brain tumors, brain hemorrhage
	Coronary artery CT	Ischemic heart disease, heart tumors, coronary atherosclerosis, and stenosis
	Low-dose chest CT	Cough, sputum, dyspnea, Lung benign nodule, Lung tuberculosis, lung cancer, emphysema
	Thyroid ultrasonography	Cyst ,nodule, thyroid inflammation, thyroid cancer
	Gastroscopy and Colonoscopy (sleep)	Esophageal cancer, esophagitis, gastric ulcer, gastric cancer, Polyp, duodenal ulcer, colon polyp, colon cancer
	DVD copy	
Male	Benign prostate hyperplasia MRI(Non enhance), Uroflowmetry male hormone test	Frequency and discomfort of urination. Benign prostate hyperplasia
Female	Gynecological ultrasonography, Breast ultrasonography HPV test	Early diagnosis of cancer related to women. Women's menopausal syndrome,Breast cancer, cervical cancer, ovary cancer

\* Additional cost for biopsy

# Diamond

Man/ Woman : 4,200,000 won

The most extensive premium health examination program for all ages that includes tests such as PET-CT for various cancers and cerebrovascular, cardiovascular, and digestive disorders

	Test items	Symptom & disease
General	Basic Comprehensive health examination	
	Brain MRI + brain MRA + carotid MRA	Dizziness, headache, vomiting, ischemia, cerebral infarction, brain tumors, brain hemorrhage
	PET/CT (TORSO)	Presence of abnormal metabolism of the body Diagnosis of various cancers and metastases
	Coronary artery CT BNP-test (heart failure factors)	Ischemic heart disease, heart tumors, coronary atherosclerosis, and stenosis
	Thyroid ultrasonography	Cyst ,nodule, thyroid inflammation, thyroid cancer
	Gastroscopy and Colonoscopy (sleep) DVD copy	Esophageal cancer, esophagitis, gastric ulcer, gastric cancer, Polyp, duodenal ulcer, colon polyp, colon cancer
	Male	Benign prostate hyperplasia MRI(Non enhance), Uroflowmetry male hormone test
Female	Gynecological ultrasonography Breast ultrasonography HPV test Cervical cancer screening	Early diagnosis of cancer related to women. Women's menopausal syndrome, Breast cancer, cervical cancer, ovary cancer

\* Additional cost for biopsy.

\* This program need two days for full tests.

# Systematic thorough Health examination

	Price	Test item	Symptom & disease
Heart and cerebrovascular in-depth examination	1,800,000 won	Brain MRI + brain MRA + carotid MRA Coronary artery CT EKG blood test body measurements(height Weight)	Ischemic heart disease, Coronary artery atherosclerosis & stenosis Dizziness, Headache, Vomit, Cerebral hemorrhage, Cerebral ischemia, Cerebral infarction, Brain tumor
PET CT examination	1,150,000 won	PET CT(TORSO)	Presence of abnormal metabolism of the body Diagnosis of various cancers and metastases
	1,350,000 won	PET CT(TOTAL BODY)	
	2,350,000 won	PET CT(TORSO) Brain MRI + brain MRA + carotid MRA	
Brain examination	200,000 won	Brain CT	Brain diseases cerebral hemorrhage, ischemia, cerebral infarction, brain tumor, stroke, etc
	450,000 won	Brain angio CT	
	1,200,000 won	Brain MRI + brain MRA + carotid MRA	
Heart examination	650,000 Won	Coronary artery CT	Ischemic heart disease heart tumors, coronary atherosclerosis, and stenosis
		Echocardiogram	Myocardial infarction, Cardiac valvular disease, Myocarditis
		PWV	Prevention of angina pectoris, myocardial infarction, stroke, and hypertension by confirming arteriosclerosis
Prostate examination	400,000 won	Benign prostate hyperplasia MRI(Non enhance) Uroflowmetry, PSA test, Male hormone test	Prostatic hypertrophy

# Additional Option

Test item	Price
Low-dose chest CT	200,000 won
Chest CT(enhance)	350,000 won
Coronary artery CT	350,000 won
Brain angio CT	450,000 won
Echocardiogram + PWV	350,000 won
Abdominal Obesity CT	100,000 won
Gynecological ultrasonography	100,000 won
Female hormone test	50,000 won
Breast cancer tumor marker	50,000 won
HPV PCR test	100,000 won
Food allergy test	150,000 won
Inhalant allergy test	150,000 won
Colonoscopy(sleep)	300,000 won
Carotid artery ultrasonography	200,000 won

\* In addition to the checkup package, additional check ups are available.

# Health Promotion advantage

## Customized health screening consulting

- \* Faithfully reflecting individual health needs
  - Screening program depending on Age, Past history, family history
  - Systematic and customized health management and guidance according to individual results
- \* Conduct detailed inspections by field
  - Brain, cardiovascular, prostate, rheumatism

## Smooth and prompt medical cooperation system

- \* Direct examination and consultation of specialist in the outpatient department of the hospital
- \* After examination, Follow-up management and problem solving through outpatient specialist treatment.
- \* Provides convenience for outpatient reservations

## Comfortable like family

- \* Friendly and comfortable during the examination process
- \* Consultation on various routes according to the convenience of examination

(Visiting & Phone consultation with the convenience of the examiner as the top priority)
