

❖English medical reports and images (CD copy) are provided for those who have completed the Package Program.

❖Gastroscopy and colonoscopy are only available for ages below 84 and 75 respectively.

❖Polyps larger than 0.7cm(including vascular polyps, infiltrative edges, etc.) may be deferred due to the risk of complications(Biopsy may be performed).

Standard

All Standard programs include: Health Questionnaire, Medical Consultation/Lifestyle Assessment, Body Composition Analysis, Blood Pressure, Visual Acuity, Intraocular Pressure, Electrocardiography, Pulmonary Function, Chest X-ray, Blood Test[Anemia, Liver & Renal & Thyroid Function, Lipid, Fasting Blood Sugar, HbA1c, Uric Acid, Electrolytes, HIV, Hepatitis(Type A/B/C), Helicobacter Pylori Antibody, Tumor Markers(Pancreatobiliary, Liver, Colon)], Urinalysis, Sedative Gastric Endoscopy, Abdominal Ultrasonography

	Program	Recommended Age	Male	Female	Test Items
	Standard	34≥	\$980	\$1,060	· Female : Gynecologic Examination & Consultation, Ovarian Tumor Marker, Cervical Cytologic Test(PAP Smear)
		≥35	\$1,020	\$1,140	· Common : Fundus Photography ❖Age ≥50: including Audiometry, excluding Hepatitis A · Male : Prostate Tumor Marker · Female : Gynecologic Examination & Consultation, Ovarian Tumor Marker, Cervical Cytologic Test(PAP Smear), Mammography

Intensive

All Intensive programs include: Standard Program + Intensive Consultation, Vit. D(blood), Dental Exam/X-ray and Hepatitis A

	Program	Recommended Age	Male	Female	Test Items
	Cancer	All	\$2,970	\$2,920	· Common : Sedative Colonoscopy, Abdominal-pelvic CT, Low Dose Chest CT, Thyroid Ultrasonography, Serum Pepsinogen, Blood Coagulation · Male : Laryngoscopy, Urine Cotinine, Liver Fibroscan, Prostate MRI · Female : Gynecologic & Breast Ultrasonography, HPV DNA Chip, 3D Digital Mammography, Bone Densitometry
	Brain	All	\$2,400	\$2,530	· Common : Brain MRI/MRA(Including Carotid Artery)
	Cardiovascular	All	\$2,410	\$2,540	· Common : Coronary 3D CT/Calcium Scoring CT, Treadmill Test, Echocardiography, Carotid Ultrasonography, Microalbuminuria, Arterial Stiffness
	Digestive	All	\$1,920	\$2,230	· Common : Sedative Colonoscopy, Abdominal-pelvic CT, Serum Pepsinogen, Liver Fibroscan, Blood Coagulation · Female : Gynecologic Ultrasonography
	Respiratory	All	\$1,940	·	· Male : Otorhinolaryngoscopy, Low dose Chest CT, Arterial Stiffness, Urine Cotinine, Bronchial Provocation(Asthma), FeNO Test
	Women	All	·	\$2,200	· Female : Thyroid & Breast & Gynecologic Ultrasonography, HPV DNA Chip, Female Hormone(4kinds), Bone Densitometry
	Men	All	\$2,370	·	· Male : Prostate MRI, Low dose Chest CT, Coronary 3D CT/Calcium Scoring CT

Premium

All Premium programs include: Standard Program + Premium Medical Consultation, Nutrition Guidance, Dental Exam/X-ray, Audiometry, Thyroid Ultrasonography, Urine(Microalbuminuria), Blood[Rheumatoid Factor, Allergy(108kinds), Detailed Lipid Panel, Serum Pepsinogen, Vit. D, Blood Coagulation], Cardiovascular(Treadmill Test, Echocardiography, Arterial Stiffness, Carotid Ultrasonography), Pulmonary(Low Dose Chest CT, Otorhinolaryngoscopy), Gastrointestinal(Abdominal-pelvic CT, Sedative Colonoscopy), Brain MRI/MRA(Including Carotid Artery)

	Program	Recommended Age	Male	Female	Test Items
	Premium	35-49	\$5,210	\$5,590	· Male : Male Hormone, Coronary 3D CT/Calcium Scoring CT, Liver Fibroscan, Urine Cotinine · Female : Gynecologic Ultrasonography, HPV DNA Chip, Female Hormone(4kinds), Ovarian Tumor Marker(HE4), Detailed Thyroid Hormone Test, Breast Ultrasonography, 3D Digital Mammography, Bone Densitometry
		50-64	\$5,880	\$6,500	· Male : Premium Test Items(Age 35-49) + Prostate MRI, FeNO Test · Female : Premium Test Items(Age 35-49) + Coronary 3D CT/Calcium Scoring CT, Breast MRI
		65-75	\$5,970	\$6,300	· Male : Premium Test Items(Age 50-64) + Bone Densitometry/Thoracic-lumbar Spine X-ray · Female : Premium Test Items(Age 50-64) + Thoracic-lumbar Spine X-ray ❖Excluding HPV DNA Chip, Female Hormone(4kinds)
		≥76	\$5,700	\$5,510	· Common: Premium Test Items(Age 65-75) ❖Excluding Colonoscopy · Female : Premium Test Items(Age 65-75) ❖Excluding Breast MRI

Supplementary Pack

❖Consultation included in the Packs are conducted by specialists in their respective departments.
❖These Packs are add-on packs to your check-up program.

Category	Program	Price	Test Items	Category	Program	Price	Test Items
 Brain	Stroke	\$1,954	Consultation, Brain MRI/MRA(Including Carotid Artery), Echocardiography, Carotid Ultrasonography, Microalbuminuria, Detailed Brain(Stroke) Blood Test	 Respiratory	Allergy	\$696	Consultation, Paranasal Sinus X-ray, Rhinoscopy, Bronchial Provocation(Asthma), FeNO Test, Skin Prick Test(52kinds, can be substituted for 108kinds if needed)
	Arrhythmia	\$653	Consultation, Echocardiography, Treadmill Test, 3-day Continuous ECG Monitoring(MobiCare)		Chronic Coughing	\$670	Consultation, Rhinoscopy, Laryngoscopy, Low Dose Chest CT, Paranasal Sinus X-ray, Bronchial Provocation(Asthma), Urine Cotinine, FeNO Test
 Cardiovascular	Angina	\$837	Consultation, Treadmill Test, Coronary 3D CT/Calcium Scoring CT, Echocardiography				

Category	Program	Price	Test Items	Category	Program	Price	Test Items
 Digestive	Smart Plus Colonoscopy	\$600	Smart Plus Colonoscopy with Sedation ❖Additional fees apply depending on the number of polyps removed.	 Musculo-skeletal	C-L Spine	\$1,290	Consultation, Cervical and Lumbar Spine MRI, Cervical Spine anterior and lateral X-rays, Lumbar anterior and lateral X-rays
	Pancreatic MRI	\$939	Pancreatic MRI ❖Additional charge of 283 USD applies for contrast agent use.		Cervical	\$1,003	Consultation, MRI & Multiple X-rays of cervical spine
 Kidney	Kidney	\$641	Consultation, Detailed kidney CT, Microalbuminuria, 24hr Urinalysis, Urine Cytology, Hematuria, Detailed Renal Blood Test		Lumbar	\$1,099	Consultation, MRI & Multiple X-rays of lumbar spine
	Eye Health	\$399	Consultation, Visual Acuity, Intraocular Pressure, Wide Fundus Photography, Optical Coherence Tomography(OCT), Slit Lamp Biomicroscopy, Refraction		Knee	\$1,108	Consultation, MRI(Lt. or Rt. knee), X-rays(both knees)
 Eye	Female Hormone	\$145	Female Hormone 4kinds[LH, FSH, E2, AMH(Anti-Mullerian Hormone)] ❖Consultation for referral to fertility preservation services (e.g., egg freezing) is available upon request.		Shoulder	\$1,024	Consultation, MRI(Lt or Rt shoulder), X-rays(Lt or Rt shoulder)
 Women	Pre-marriage (Female)	\$634	Breast & Gynecologic Ultrasonography, Rubella(IgG, IgM), Varicella, Female Hormone 4kinds[LH, FSH, E2, AMH(Anti-Mullerian Hormone)]	 Men	Benign Prostatic Hypertrophy (PM only)	\$368	Prostate Ultrasonography, Male Hormone, Uroflowmetry, Residual Urine Volume Measurement ❖Available after 1 PM
	Abbreviated Gynecologic MRI	\$482	Gynecologic Examination & Consultation, Abbreviated Gynecologic MRI(noncontrast)		Prostatic Cancer	\$642	Prostate MRI, Extensive Prostate Cancer Blood Test
 Abroad	Study Abroad	\$467	Consultation and Doctor's report, Blood test, Hepatitis(Type A & B & C), MMR(Measles, Mumps, Rubella), Varicella, TB Specific Ag induced Interferon gamma, Tuberculin skin test, Urinalysis, CD copy of Chest X-ray ❖Test items are adjustable after consultation with a doctor	 Vaccination	Vaccination	Added after consultation	Hepatitis(Type A & B), Seasonal Influenza, Streptococcus Pneumonia, Varicella, Rubella, DPT(Diphtheria, Pertussis, Tetanus), HPV Vaccine(Cervical cancer vaccine), Adult Meningitis, Herpes Zoster, Japanese Encephalitis, Typhoid Fever ❖Reservation required for Japanese Encephalitis, Typhoid Fever
